STATINTL

The undersigned met with [REDACTED] 17 November 1980 and described for him the intelligence community views on personnel security investigations and adjudication. We discussed the background of the Personnel Security Survey and the Working Group recommendations, the status of SECOM response, and the tangled threads of other ongoing and related activities. [REDACTED] views include the indication that the CIA O/IG is heading toward strong support of the SECOM Chairman in advocating Community use of the polygraph. STATINTL

He requested copies of SECOM members' written comments on the ISWG recommendations as well as SECOM action on them.
